Time to Get Busy

The Mt. Olivet Tribune Democrat hands out this timely hint which the Business Men's Club may find it worth while to investigate:

"Will Maysville continue in its somnambulant state and see Mt. Olivet tapped by a railroad from some other direction before the business interests of the city under the hill awake?"

Got Your Club Out

For the man who sold you your last coal? We don't blame you if you got a lot of dirt, slate, etc., with your black diamonds. Our customers don't have troubles of that kind. Ask any of them about our Coal, and if quality cuts any ice with you, you'll buy your Coal here in the future.

Hundred Die in Fire Trap

Ninety persons, many of whom were children, were burned to death and forty others injured in a fire that destroyed a moving picture theater at Bologolo, Russia, Sunday. The flames broke out while the exhibition was in progress and quickly enveloped the building, cutting off every avenue of escape.

Service at the Church of the Nativity at 4 o'clock this afternoon.

Spring Announcement

Just now every man and boy is thinking about clothes. Nature is getting ready for her finest display, and it is only natural that we should make a few attempts in that line ourselves. We are confident that the snappy styles and handsome patterns that compose our unusually large line of Ready-to-Wear Clothing will more than please you. Our line comprises the best makes in the country—Hirsch-Wickwire, College Brand Clothes for Young Men, Michael Stern and Garson & Meyer.

STYLISH HATS from John B. Stetson, Mundheim and Crofut & Knapp. **SHOES**, embodying all the advanced ideas of the world's most famous creators of styles—Hanan, Nettleton, Walkover and W. L. Douglas.

To Mothers: We want to say we pride ourselves on our Children's Department. We have taken extra care in seeing that the "little fellows" are dressed as well as the big ones.

Fatally Burned

Mrs. Ellen Rolph, aged 78, was fatally burned Thursday last at the home of her brother, Avery Tully, near Heleusa, her clothes catching fire from an open grate. For a long time the unfortunate woman had been blind, and the supposition is she walked too near the grate. Mrs. Rolph died early Friday morning, he remains being interred at Elizaville Saturday.

Bleviot's Aeroplane

There's a real airship in the big Second street show window of Merz Bros. Bee Hive Store. It's an exact duplicate of a Bleviot aeroplane, about four feet in length, run by a 2-h. p. motor. It's quite a cute advertisement of the "Regal Shoe," and under the aeroplane is an illuminated globe, showing by white dots every Regal Shoe agency on earth. There are thousands of dots and they indicate that the Regal Shoe is sold in every civilized country on the globe. It's worth seeing. Look in the Bee Hive window.

Yours to Benefit.

Hundreds of progressive merchants have discovered they can best serve their customers by selling carpets from rug size samples. There are four good reasons why this method benefits you:

First—You have a greater variety from which to select.
Second—You have the latest patterns from which to choose as new samples are sent each season.
Third—You receive fresh new goods. No danger of shop-worn stock.

Fourth—You buy cheaper because in just the proportion that our carpet investment is reduced, our ability to sell cheaper is increased.

We have no expense for taking care of stock. No remnants nor unpopular patterns to be disposed of at a loss. Our investment is nothing under this method therefore the narrowest profit is sufficient. This statement merits your investigation. If you are a judge of carpet quality we particularly invite it.

A BUILDER of Oklahoma writes the Bureau of Manufactures that he finds it profitable to build four-room cement houses and sell them complete, with cisterns, front and rear porches of cement, and out-buildings, including the ground, at \$1,000, on the installment plan. He is doing this thirty-five miles from a railroad station, notwithstanding heavy freight charges of 25 cents a hundred-weight, drayage on all cement, lumber, hardware and all other building material except sand. The cottages in question have cement floor, steel ceilings, partition walls of hollow blocks, as well as outside walls. Although the roofs are shingled, the contractor says that the whole structure is practically fire-proof and constitutes a very substantial building.

Standard Oil Men Visit Maysville

Maysville had two distinguished visitors yesterday, Mr. William W. Robertson of New York City, one of the Board of Directors of the Standard Oil Company, and Mr. C. H. Hand of Covington, Ky., the General Manager of the Standard Oil Company of Kentucky. Both were guests of Local Agent H. C. Curran, who took them in hand and gave them a genial Kentucky welcome, ending with an auto tour of Maysville and her environs. Messrs. Robertson and Hand attended the funeral of Mr. Holmes, the dead Standard Oil magnate, at Cincinnati, and then made a brief visit to their agent here. Mr. Hand has visited Maysville before and is known as one of the most active oil men in the country.

Queer Antics of a Celebrated Animal at the Home of W. M. Breeze

Yesterday morning at the home of Mr. W. M. Breeze of The Ledger office there was quite a commotion going on under the house, which Mrs. Breeze proceeded to investigate, when lo and behold, out came the cutest little ground hog you ever saw, and began to do all kinds of cute little stunts. He sat on his hind quarters and stuck out his bands just like a nice little trained animal. He was at last captured by some boys, sold for 30 cents and today his plump little body will make a roast for an unfeeling colored man, without any appreciation of the sacredness of the little weather prophet so dear to the hearts of all.

Lebus Files Amended Answer to Suit of the Eshelby Company

Clarence Lebus, President of the Burley Tobacco Society of Kentucky, filed an amended answer to the suit of the E. O. Eshelby Tobacco Company against the Society in the Federal Court for \$125,000 damages under the Sherman Anti-Trust Law. Lebus denies that any tobacco located in one State was sold to the Eshelby Company to be delivered in another State and denies that there was any conspiracy to form a monopoly or that control of the tobacco market was secured by the Burley Society.

DISFRANCHISEMENT LEGAL

Adams County Case Decided in Favor of Judge Blair

COLUMBUS, O., March 7th.—The State won in the Adams county case as to whether Judge Blair has the right to disfranchise voters for selling their votes.

The Court Tuesday morning decided in favor of the State. Over a thousand voters were disfranchised in Adams county.

Judge Blair then began a vote-buying probe in Scioto county, but delayed announcing more disfranchisements until the Ohio Supreme Court had passed on the test case. It is expected that the decision will be followed by the disfranchisement of many Scioto voters, and action may follow in other counties.

HIDDEN DANGERS

NATURE GIVES TIMELY WARNINGS THAT NO MAYSVILLE CITIZEN CAN AFFORD TO IGNORE

DANGER SIGNAL No. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL No. 2 comes from the back. Back pains, dull and heavy or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills help sick kidneys. Here is proof in the statement of a nearby resident:

James Hofer, Sr., East Second street, Augusta, Ky., says: "My back was weak and lame for many years, and while I was not in a dangerous condition, I was, nevertheless, anxious to get rid of the annoyance. I was bothered especially at night and was unable to remain in one position for any length of time. When I stooped a sharp twinge caught me across my back and made it almost impossible for me to regain an erect position. At last I procured a box of Doan's Kidney Pills, and had used them but a short time before my back became strong and the pain disappeared. I have never had a return attack of kidney trouble."

A big river is now assured, as it is rising rapidly.

The great towboat Sprague just started South from Louisville with fifty coal boats and barges containing 1,440,000 bushels of Pittsburgh coal.

Secretary of War Dickinson has rendered a decision reversing the finding of a Board of Army Engineers that the eight bridges over the Allegheny river at Pittsburgh constitute an unreasonable obstruction to commerce.

The powerful towboat W. W. O'Neil, built at Pittsburgh in 1881, has been dismantled by the Combine. The O'Neil towed coal from Pittsburgh to New Orleans and was for years the only towboat with a 12-foot stroke until the Sprague was built. The Combine is building no more new towboats.

"SPIRIT OF CHRIST"

Revivalist Smith's Theme at the Third Street M. E. Church—
Tonight's Subject: "Soul Winning"

The revival service at the Third Street M. E. Church last evening was much better attended than on the first evening and the whole service was characterized by a deeper spirit of interest. Rev. Smith preached a very heart searching sermon on "The Measure of a Man," based on a text from the eighth chapter of Romans, "If any man have not the Spirit of Christ he is none of His." He said if a man had not the Christ spirit he was not a Christian, no matter what sort of a profession he made before the world. Some of the manifestations of the Christ spirit are gentleness, self-sacrifice, humility and an intense passion for the salvation of others. These things are sure to be emphasized in every true follower of the Christ.

The subject for this evening will be "Soul Winning." Service begins promptly at 7:30. There will be good singing at each service. The ladies were all requested to bring a man with them to the service tonight. Men, accept the invitation and come and enjoy a good old time Methodist revival service. Every one is welcome.

AFTER 7 YEARS SUFFERING

I Was Cured by Lydia E. Pinkham's Vegetable Compound

Waurika, Okla.—"I had female troubles for seven years, was all run down, and so nervous I could not do anything. The doctors treated me for different things but did me no good. I got so bad that I could not sleep day or night. While in this condition I read of Lydia E. Pinkham's Vegetable Compound, and began its use and was cured. In a short time I had gained my average weight and am now strong and well."
—Mrs. SALLIE STEVENS, R. F. D., No. 3, Box 31, Waurika, Okla.

Another Grateful Woman.
Huntington, Mass.—"I was in a nervous, run down condition and for three years could find no help.

"I owe my present good health to Lydia E. Pinkham's Vegetable Compound and Blood Purifier which I believe saved my life.

"My doctor knows what helped me and does not say one word against it."
—Mrs. MARI JANETTE BATES, Box 134, Huntington, Mass.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, and prostration.

MAYSVILLE, KY.

(Monday's Courier-Journal.)

BRADLEY

Said to Be For Cox For Republican Nomination

Senator Favors Maysville Man For Governor

FRANKFORT, Ky., March 5th.—Senator Bradley is for William H. Cox for the Republican nomination for Governor. That is said to be absolutely certain and comes from a man to whom the Senator declared himself quite frankly. The Senator recently wrote a letter to a friend in Frankfort in which he stated that he was for Governor Cox and thought he was "the most available and best man to lead the Republican party at the coming election."

As the Republicans in the Capital and perhaps all over the State have been waiting for the Senator to announce who he was for, it is expected that there will be a lively scramble shortly to get into the Cox bandwagon. Senator Bradley is said to be the boss, and it is stated that each man who wants to run for Governor is looking to Washington to see what the "Big Man" is going to say. Thus far, for publication, Senator Bradley has not declared for anybody, but it is probable that he will not be long letting it be known how he stands. He has already declared himself, in private, several times and each time he has said he was for the Lieutenant Governor.

CLOSE FRIENDS FOR YEARS

Senator Bradley and Governor Cox have been close friends for many years, and it was Governor Cox who was selected by the Senator for the Republican nomination four years ago. At that time Senator Bradley went to Maysville to see Governor Cox and told him that he wanted him to be the Republican nominee. He said the Republicans had a good chance to win. Governor Cox said he was not a speaker, and a speaker was needed to head the ticket and make a campaign. He said he would take a place on the ticket, but suggested Augustus H. Willson as the man for the place as Governor. Senator Bradley accepted that was Cox and Governor Willson was nominated.

COX WANTS NOMINATION

Now that another race is on, and Governor Cox wants the nomination, he again has the backing of his friend, Senator Bradley, who is all-powerful in the Republican party. The wise ones at Frankfort therefore are of the opinion that Governor Cox will be the nominee. But it is well within the possibilities that the word of Senator Bradley will not be accepted in the matter of a nomination for Governor and that

the other candidates will make a fight before the people of the State. In this respect Governor Cox is by no means weak, and there should be some lively fighting should Judge O'Rear or Judge Breathitt decide to make an effort to capture a majority of the votes in the Convention. Judge O'Rear would make a hot fight if he went in to win and Judge Breathitt also would cut a large figure, so there may be some fun after all.

20% UNDERFEED INVESTMENT

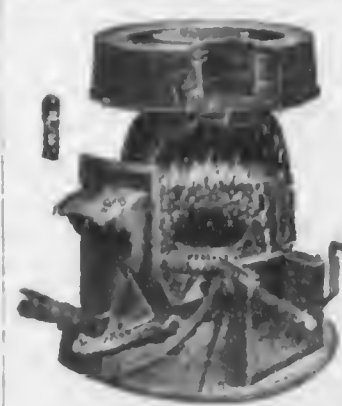

Most heating systems are an actual drag on the domestic treasury. If you want to enjoy actual every-winter dividends, tear out your old glutinous coal-eater, with its uneven heat and hard-to-satisfy appetite for fuel. Put in a

PECK-WILLIAMSON UNDERFEED FURNACE OR BOILER

Choose the system you like best—warm air, steam or hot water. Cheapest slack in the Underfeed yields as much clean, even heat as most expensive grades; which ordinary heating plants require. All the fire is on top and has to eat down into the fresh coal against the draft. Combustion is slow and perfect, and smoke, soot and gases are entirely eliminated. This enables Underfeed furnace and boiler users to

SAVE 1/2 TO 2/3 OF COAL BILLS.

This saving represents a 20% dividend on the investment for this modern system of heating. Figure it out. It won't take long to get your money back. The Underfeed adds to the selling or renting value of any building.

Write today for free booklet on Underfeed Warm Air, Steam and Hot Water Heating Systems. Our representative will be glad to call any time and make you a detailed proposition.
